Please return completed form to: research@childgrowthfoundation.org

Notes:

1. Grants will only be awarded to investigators working at UK universities or in the NHS.
2. The CGF will consider proposals that address any aspect of the physical / mental health, psychology or education of those affected by growth conditions.
3. The duration of projects should not exceed three years.
4. The CGF will not normally fund overheads, student fees or publication costs.
5. Projects will only be considered if they are associated with one of the following conditions:
 - Russell Silver Syndrome
 - Intrauterine growth retardation / Small for gestational age
 - Multiple pituitary hormone deficiency / growth hormone deficiency
 - Bone dysplasia
 - Premature sexual maturation
 - SHOX
 - IGF-1 deficiency
 - Sotos Syndrome
 - Tatton-Brown-Rahman Syndrome
 - Weaver Syndrome
