Foundation

About Us

The Child Growth Foundation (CGF) is a charity that is dedicated to improving the health and wellbeing of children affected by growth conditions caused by endocrine issues or congenital abnormalities. We do this by delivering information and support, by working with health professionals to improve awareness and patient outcomes and by funding research to raise understanding and provide better treatments.

To have a growth condition does not just mean extremely tall or short, it comes with a range of other symptoms including: curvature of the spine, learning difficulties, heart & kidney abnormalities, epilepsy and many other complications. Children will spend a great deal of their early life in and out of hospital and parents may spend a great deal of time filled with worry and loneliness.

The CGF was founded in 1977 and for over 40 years we have been helping to improve the lives of those living with growth conditions. We support around 1,500 families each year but there is so much more we could be doing.

Will you join us and make the journey of these families a little easier?

Why Help Us?

Supporting charities and community groups through fundraising and volunteering has been proven to help businesses by:

- Enhancing employee relations
- Creating a better public image
- Promotion of team building
- Improving employee retention
- Establishing corporate identity
- Producing PR opportunities
- Providing networking opportunities
- Helping recruitment of top talent

Community is important to businesses, it's important to employees and it's important to customers.

It's important to all of us!

Your input could help us deliver outstanding support to the families who need it most.

How Can You Help?

There are many ways to support our work, from volunteering, financial support and corporate partnerships.

Volunteering

We are always looking for volunteers.

Help with specialist skills such as IT, marketing, business development and finance.

Or extra bodies at events, such as our annual convention.

Corporate Support

Financial support to a charity can make a real difference. There are many ways to help:

- Fundraising through your organisation with dress down days or bake sales.
- An employee payroll giving scheme.
- Collections at special events such as the office Christmas party or awards evenings.
- Employee event fundraising.
- Match donations raised by your employees.

Or you could join our corporate partner scheme!

Corporate Partnerships

Why not consider partnering your organisation with a very well respected national charity.

We will work closely with you to ensure the partnership is engaging, fun and rewarding, where both parties benefit.

By partnering with us, you will help ensure that children and families affected by growth conditions get the support they desperately need.

The partnership could involve providing financial support to help deliver one of our vital services for a year. We have a range of projects that you could help deliver, from guides and booklets, education programmes, or even our annual convention.

Our Annual Convention is the most important event in our year, and it is also the costliest.

This event brings together over 100 families affected by growth conditions and the information and support provided is invaluable.

You could Partner with the CGF and help sponsor it for a year.

Working Together

IN RETURN FOR YOUR SUPPORT WE WILL:

- Be committed to working with you to create a beneficial and successful partnership
- Provide fundraising advice and support
- Provide information and materials to help your fundraising efforts
- Report on the impact your support has made through traditional and social media
- Inspire your clients and employees
- Provide promotional and public relations opportunities
- Offer your employees free places in fundraising events
- Invite you to our annual convention or other events and activities
- And of course, we will thank you for supporting the work we do to improve the lives of families affected by growth conditions
